Our speakers

Matthias Schupp

Graduated in Business Administration and WAI – Darmstadt, Germany. CEO of Neodent and EVP Straumann LATAM. Matthias has been with the Straumann Group for 11 years and started in his current position in 2013, coming from Basel where he headed the European Region for Straumann and joined the Neodent LeadTeam, after the anticipated 100% acquisition in 2015, when he became Neodent's new CEO in addition to his EVP LATAM role for Straumann. Born in Germany, Schupp has lived in Russia, Ecuador, Portugal, El Salvador, and Switzerland and now resides in Curitiba, where the Neodent Headquarter is located. Matthias believes that constant innovation, coupled with product quality, a high performance team and a continuous growth project are the differentials for the expressive results that the Straumann Group has been presenting in recent years.

Dr Geninho Thomé

Holds a degree in Dentistry from the Federal University of Santa Catarina (1979). Specialist in Periodontology, Master and PhD in Implantology. In 1990, he began to carry out scientific studies to develop implants at a more affordable cost for the national market. In 1993, Neodent was founded and after 20 years the company was acquired by the Straumann Group. In 1996, he taught the 1st course of Improvement in Implant Dentistry and Implant Prosthesis at the Brazilian Association of Dentistry - ABO-PR, and in 2000, the 1st course of Specialization in Implant Dentistry, also at ABO-PR. In 2004, he founded, with Dr. Clemilda de Paula Thomé, the Latin American Institute for Research and Dental Education (ILAPEO) – which is now Neodent's main clinical research center. Currently, Dr. Geninho Thomé is Scientific President of Neodent, Chairman of the Board of Directors of Neodent, Director of Innovation and Development of ILAPEO and Professor of the Masters Program at ILAPEO.

Dra Arantza Rodriguez

Graduated in Dentistry. European University (Madrid) Oral Surgery and Implanto-Prosthetic specialist. CSI CEU Professor Master in Oral Surgery and Implanto-Prosthetic. URJC 2007 – 2016 Speaker at courses, presentations and workshops regarding restorative dentistry and implantology in several national and international congresses.

Dr Jeff Khoury

Dr Jeff holds a Master Degree in Periodontology and Implantology from Saint Joseph University (Beirut-Lebanon). His main clinical focus is on immediate loading, GBR and soft tissue management. Every year, he gives international lectures, courses and workshops about "soft tissue management around teeth and implants".

Dr Enric Pintado Boixados

Dr Pintado has a private practice in Barcelona and Manresa (Spain) and in Andorra La Vella (Andorra) specialising in implant Surgery and Prosthetics D.D.S. by U.O.D. (Universidad Odontológica Dominicana) year 1990. He achieved his Master in Implant Surgery by N.Y.U. (New York) in 1991. In 1992 he completed the '1 year residency program in Prosthetic Dentistry' at Seattle University (Washington). He is the author and developed the Technique PRED (pre-extraction drilling) a procedure for drilling before extractions to facilitate Implant placement and minimise bone loss.

Dr Maxim Baini

Maxim Baini is a dentist first graduated in 1999 from the Saint Joseph University in Beirut; he subsequently completed a one year in Basic Biological Science. After six years of private practice he went back to the same university to receive his diploma in TMD (Temporo Mandibular Disorders), then he received his certificate in superior studies (CES) in Periodontology in 2010. He has a private dental center in Lebanon with great experience in various Implant systems. He is now considered as an opinion leader in his country. Dr. Baini gives training courses in implant dentistry and lectures about immediate implantation, internal sinus lifting and treatment planning.

Dr Pedro Rodriguez

Pedro graduated in 2002 and earned a master degree in oral rehabilitation in 2010. Additionally, Pedro spent four years working in Dr. Paulo Malo (inventor of All-On-Four technique) clinic in Porto. Since 2010, Pedro is giving international courses, with live surgeries and training in implantology. Pedro has treated more than +1000 cases with the all on four concept and he developed a special treatment concept.

Prof Dr Sérgio Rocha Bernardes

Head of new product development & clinical practice. Professor at Ilapeo (Latin American Institute of Dental Research and Education – Curitiba). Member of the editorial board of the International Journal of Oral & Maxillofacial Implants (IJOMI). Editor-in-Chief at Prosthesis Laboratory in Science. B.D.S. at the Federal University of Rio de Janeiro, Brazil. Specialist in Dental Prosthesis at the APDC/Bauru, São Paulo, Brazil. Specialist in Implantology at the CFO, Brazilian Dental Council, Brazil. MSc in Oral Rehabilitation at the Federal University of Uberlândia, Brazil. PhD in Oral Rehabilitation at the São Paulo University/FORP, Brazil with a collaborative research at Eastman Dental Institute, London.
